\*The Service Agreement includes: 1year of tech support for each currently licensed version of **ShopController** only; free updates as issued for the version currently licensed (upgrades to other versions are **not** included); a license to use **ShopController** in **one** location (on one computer or server) for **one year**; and CarFax data base updates as received from CarFax. The **ShopController** Service Agreement is currently priced at \$300.00 for the US & Canada.

\*\*Each Network Module allows the end user to access **ShopController** from up to 4 workstations for each Network Module purchased. Additional Network Modules maybe purchased, for anyone wishing to access **ShopController** from more than 4 workstations, in workstation modules of 4 workstations for \$300 or singly for \$100 per workstation.
